

Dear Fellow Model A'er:

As the summer begins to wind down after many fun, events and tours with our little cars, it is once again time to think about the annual MAFCA Board of Directors election.

My name is Alex Janke, and I am a candidate for the Board of Directors. My experience is outlined on the attached flyer and I encourage you to review it. My wife and I have enjoyed our years in the Model A hobby and met some great people at the various meets, tours, and events we have attended. If elected, I will direct my energies to continuing to make MAFCA a strong organization as well as addressing the future changes in our hobby.

Most important of all, I encourage you to vote in this election. There are four vacancies on the Board this year and good directors are needed for MAFCA to maintain its excellence. If you feel my qualifications meet your expectations for a Director, I would sincerely appreciate your vote.

Sincerely,

Alex Janke

ALEX JANKE

CANDIDATE FOR

MAFCA BOARD OF DIRECTORS

Growing up my father drove Model A Fords to work. When one wore out he just found another and as a kid I loved riding in the rumble seat and bouncing down the road with my dad.

In 1960, I purchased my first car, a 1930 Deluxe Coupe, by mowing lawns to raise the money. It took four years to complete a ground up restoration – I learned mechanical, body, paint, upholstery and a lot more with that car. I drove it in high school and for the next 17 years it traveled with me from college

into the Army. We currently own a 1929 Roadster, 1930 Deluxe Coupe, 1930 Pickup, and a “barn fresh” A-400.

We have driven over 10,000 miles a year attending Northern and Central California Regional Meets, National Meets and many of tours with our local club.

I was president of the Diablo A's twice and have been a club Technical Advisor for 5 years. My wife, Ruth, has been the club Treasurer for three years and we have been active in all areas of the club. I have been the Club representative to the Northern California Regional Group for the past 3 years. I am an accredited MAFCA Senior Judge and have judged cars at four National Conventions and many Regional Meets. I also belong to the A-400 SIG. The Diablo A's produce a series of “How to Technical Videos” and I have been in each one. I have made presentations at National Conventions, Regional Meets, and to various local clubs in technical areas.

I served as an Armor Officer in the Regular Army for 22 years retiring as a Lieutenant Colonel with assignments all over the world. For the last 17 years, I have been an HR Manager for a large water and wastewater utility. I oversee payroll, benefits, retirement, and all other HR systems and have participated in many labor negotiations.

I believe my education and work experience combined with my many years in the Model A hobby give me a broad background and the organizational experience to serve on the MAFCA Board and represent yours interests. I love these cars and the people who own them. I would appreciate your vote.
